PROFESSIONAL SUMMARY

Computer Science and Engineering graduate (final results pending) focused on frontend web development with React, Next.js, and TypeScript. Built and deployed four responsive web applications, including projects with user authentication, API integration, and search and filtering. Seeking a junior frontend developer role while growing into full-stack development.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, DaisyUI

Backend & APIs: REST API Integration, Better Auth, MongoDB

Tools: Git, GitHub, VS Code, Vercel

Concepts: Responsive Web Design, User Authentication, Protected Routes, State Management (React Context API)

PROJECTS

FitLog — Fitness Tracking Web Application | Live Demo | GitHub

Stack: Next.js, TypeScript, Tailwind CSS, React Context API

- Developed a responsive workout app with workout browsing, detailed workout views, and saved workout management using React Context API.
- Built a personalized workout plan feature with duplicate prevention, workout completion tracking, and sorting by duration, calories, and rating.

BazarDor — Bangla Market Price Tracker | Live Demo | GitHub

Stack: Next.js, TypeScript, Tailwind CSS, Better Auth, API Integration

- Developed a responsive Bangla market-price tracking app with product search, category-based filtering, and price sorting.
- Integrated Better Auth for user authentication and protected routes, with product price details and profile management.

Bangla News — News Web Application | Live Demo | GitHub

Stack: Next.js, React, Tailwind CSS, API Integration, Better Auth

- Built a responsive news app where users browse the latest news and explore articles by category.
- Integrated API data and Better Auth for user authentication.

Personal Portfolio Website | Live Demo | GitHub

Stack: Next.js, TypeScript, Tailwind CSS

- Designed and deployed a responsive portfolio showcasing my projects, skills, and contact details on Vercel.

CERTIFICATES & ACTIVITIES

Wadhwani Opportunity — Job Ready: Intermediate, 21st Century Employability Skills Development Program.

EDUCATION

Bachelor of Science in Computer Science and Engineering (2022–2026)

Mymensingh Engineering College, Bangladesh | Final result pending

Higher Secondary Certificate (HSC) (2020)

Alamgir Monsur Memorial College | GPA: 5.00

Secondary School Certificate (SSC) (2018)

Progressive Model School | GPA: 5.00

PROFESSIONAL QUALIFICATIONS

- Communication and Teamwork
- Problem-Solving
- Analytical Thinking
- Time Management
- Adaptability and Quick Learning
